

Learning the Word

Do you desire a growing, personal relationship with the Lord? Do you want to better understand who Jesus is and what it is to walk in the Spirit? Will you commit yourself to studying to show yourself approved, a workman who can accurately handle God's Word?

Our goal is to come together each Sunday morning at 10:45 to learn the Word together. To that end we want to provide classes appropriate to where people are in their spiritual development while encouraging each person to grow. We plan to offer a variety of 8-10 week classes, divided into three basic categories:

Foundational classes for young believers, those newer to Grace BFC, and those exploring Christianity. These classes cover the basics of salvation, scripture and the church in a non-threatening environment.

Growth classes to help Christians at any level grow into maturity. These will encourage people to grow in their knowledge and experience of God, become comfortable with some of the central disciplines of the spiritual life, and begin applying the gospel in practical ways in daily life.

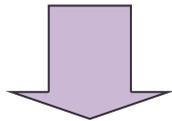

Digging Deep classes to allow people to dig more deeply into the Word. These classes will include more in depth overviews of sections of Scripture, studies of individual books of the Bible, and discussions on hot topics in theology and contemporary life.
