**Romans 3:23**

which ranges west of the Mississippi to Colorado and New Mexico. The western box turtle is superficially similar to the eastern box turtle but is typically smaller and has a shell marked with radiating yellow lines.

*"Noah and the Great Flood"*

*The people of the world had become so wicked God decided to bring judgment on them by destroying the earth. God did this because He is holy and must punish sin. God protected Noah, his family, and all the animals on the ark from the great flood. The Bible says everyone is a sinner and God will judge all sin. We need to trust God to fix our sin problem and He will save us from judgment just like he saved Noah.*
