Jesus replied, "Love the Lord your God with all your heart, with all your soul, with all your mind," This is the first and greatest commandment. And the second is like it, "Love your neighbor as yourself." Matthew 22:37-39

Working together across the ocean

This June the kids at CHOC worked hard to complete quilt squares that would go over to Liberia and be used as decoration at Martha's orphanage. We completed over 70 squares but the project was not complete. The kids in Liberia finished the project by tying the quilt squares together and making it into a wall hanging.

How exciting it is to work together with people several thousand miles away to complete something of beauty. We can all be part of God's beautiful tapestry and have something to share that can bring glory to God. Who are you helping or reaching out to? Do everything to God's glory and your gifts will blend together for God's good.

How many
Chickens did you
earn?

That's right 50!!

Ashley is showing some of the Liberian kids the scrapbook from our week at CHOC in June. To the right is Martha who takes care of 64 orphans
